It gives an option to Insiders who may be perpetually in possession of unpublished price sensitive information and enabling them to trade in securities in a compliant manner. This provision would enable the formulation of a trading plan by an insider to enable him to plan for trades to be executed in future. By doing so, the possession of unpublished price sensitive information when

a trade under a trading plan is actually executed would not prohibit the execution of such trades that he had pre-decided even before the Unpublished price sensitive information came into being.

An insider shall be entitled to formulate a trading plan and present it to the compliance officer for approval and public disclosure pursuant to which trades may be carried out on his behalf in accordance with such plan. Such trading plan shall: -

- a) not entail commencement of trading on behalf of the insider earlier than six months from the public disclosure of the plan;

- d) not entail overlap of any period for which another trading plan is already in existence;
- e) set out either the value of trades to be effected or the number of securities to be traded along with the nature of the trade and the intervals at, or dates on which such trades shall be effected; and
- f) not entail trading in securities for market abuse.

The compliance officer shall review the trading plan to assess whether the plan would have any potential for violation of these regulations and shall be entitled to seek such express undertakings as may be necessary to enable such assessment and to approve and monitor the implementation of the plan.

However, pre-clearance of trades shall not be required for a trade executed as per an approved trading plan. Moreover, trading window norms and restrictions on contra trade shall not be applicable for trades carried out in accordance with an approved trading plan.

The trading plan once approved shall be irrevocable and the insider shall mandatorily have to implement the plan, without being entitled to either deviate from it or to execute any trade in the securities outside the scope of the trading plan. However, the implementation of the trading plan shall not be commenced if any unpublished price sensitive information in possession of the insider at the time of formulation of the plan has not become generally available at the time of the commencement of implementation and in such event the compliance officer shall confirm that the commencement ought to be deferred until such unpublished price sensitive information becomes generally available information.

Upon approval of the trading plan, the compliance officer shall notify the plan to the stock exchanges on which the securities are listed.

The compliance officer is empowered to grant relaxation from strict application of such restriction for reasons to be recorded in writing provided that such relaxation does not violate these regulations. Should a contra trade be executed, inadvertently or otherwise, in violation of such a restriction, the profits from such trade shall be liable to be disgorged for remittance to the SEBI for credit to the Investor Protection and Education Fund administered by the SEBI under the Act.
