About Morepen Laboratories Ltd.

Morepen Laboratories Ltd. is a 36-year old, around Rs. 900 Cr. pharmaceutical and healthcare products company. The company went public in the year 1992 and is currently listed at both the Bombay Stock Exchange as well as the National Stock Exchange.

Morepen is a leading manufacturer of high-quality APIs, Home Diagnostics, Formulations and OTC products in north India. All the manufacturing facilities of the company are located in Himachal Pradesh and meet the latest international standards. Company's both API facilities at Masulkhana and Baddi are approved by USFDA and other regulatory bodies of Europe, Asia and Australia. The company's state-of-the-art manufacturing facility at Baddi comprises a scientifically integrated complex of 10 plants, each with a specific product profile.

Amonst several APIs manufactured by Morepen, the company is the largest manufacturer of Loratadine and Montelukast (anti-allergy and anti-asthmatic drugs). It also enjoys a significant share for Atorvastatin and Rosuvastatin (Cholesterol reducing

drugs) in the international market. Besides, the company has established an extensive footprint for its API products on the strength of quality, documentation and consistency in regulatory compliances, both in the domestic as well as global markets. Morepen has achieved to its credit the enduring confidence of a strong (over 1250) customer base spanning over 80 countries for its leading API products.

In line with its vision of keeping pace with the changing landscape, Morepen continues to invest in its Research and Development (R&D) infrastructure aimed at developing new molecules to deliver the latest drugs at competitive prices in the global markets. The company's strong dedicated R&D team has successfully developed 22 products in last three years out which 12 products have already been commercialized. The company has also started supplying these new products to customers with complete documentation like DMF, tech packs and other regulatory compliances.

Morepen's R&D Centre meets all the global regulatory requirements and was recently approved by Department of Scientific & Industrial Research, Govt of India, New Delhi. Morepen R&D and QA team, known for its impeccable service, has filed 125 Patents, 60 DMFs and 8 CEPs for USA and Europe, Japan, China, Taiwan and Australian markets.

Morepen has also an established name in home diagnostics sector which remained untapped for a long time in India. The company was the first one to manufacture home diagnostic devices in India to address the growing menace of diabetes and cardiac problem in the country. With two decades of innovation and cost control efforts, the company has been able to offer affordable medical devices to Indian consumers and has grabbed majority share of medical devices market in India under its brand **Dr. Morepen**. Dr. Morepen has gained No.1 position in manufacturing and marketing of Blood Glucose Monitors in India, displacing some established multinational players. With a stable base of more than four million installations of Blood Glucose Monitors, the company has sold more than 450 million glucometer strips (single tests) till date. Dr. Morepen also has a formidable presence and is the leader in the Blood Pressure Monitors and Nebulizers segments in the domestic market. The company was the front runner in country's fight against Covid-19 by timely making available various products like Non-Contact Infrared Thermometers and Oximeters in the Indian market under Dr. Morepen brand. It has recently launched Oxygen concentrators for home use of patients with respiratory difficulties.

Brand Dr. Morepen, which was launched way back in 2001, has created a niche for itself in over the counter (OTC) and Self-Health segment products as well. Dr. Morepen has reached all over the country with over 50 products including famous brands like Burnol and Lemolate.
